

# S/4 READINESS REPORT

## – FIRST STEP TO S/4HANA

### YOUR CHALLENGE

Are you up to migrate your SAP systems to SAP S/4HANA? And you don't know where to start? Do you want an initial overview before the migration? Do you want to kick off your transformation/migration project? Make the first step with SAP migration experts from our Digital Transformation Center. Get the knowledge:

- What is the best path/strategy/scenario?
- How the migration will affect business processes?
- Which customizations require attention?
- How long it will take?
- What is the expected budget?

### OUR SOLUTION

- 1 Installation of the analysis tool (SAP Readiness Check or CrystalBridge S/4 Assessment)
- 2 Analysis and report preparation by All for One migration experts
- 3 4-hour online meeting – presentation of the report with recommendations and joint discussion

### WHAT YOU WILL GET FROM THE REPORT

- Recommended conversion approach: brownfield, bluefield or greenfield
- Estimation of the conversion project budget (labor intensity in person/days) and project duration
- Activities Related to Simplification Items - overview of the most important changes related to the new version
- Financial Data Quality Analysis – Financial data consistency / identification of FI-GL or FI-AA documents that require action before converting
- Compatibility Scope Analysis – indication of functions from the ECC 6.0 system that are not available
- Custom Code Analysis – need for potential changes in your custom code
- Add-On Compatibility
- Integration Analysis – Indication of interfaces affected
- Business Process Discovery – suggestion for innovative business solutions to be used at S/4HANA
- SAP S/4HANA Sizing – Estimation of the target database size and required RAM
- Planned Downtime Calculator

AVAILABLE FROM **10,000 EUR**
